October 24-26, 2017.....Conference Dates

INTERNATIONAL CONFERENCE, 2017

The Applied Economics Research Centre (AERC), University of Karachi, is organizing a three-day International Conference in Karachi. The main theme is;

“Towards Inclusive Governance and Efficient Institutions for Sustainable Development (TIGEISD)”

The Conference will provide an arena for scholars, practitioners, policy makers and students from diverse disciplines to highlight the importance of good governance and efficient institutions to achieve the sustainable development goals in Pakistan and developing countries.

The key note speakers and participants of the conference would share their ideas and experience about the role of good governance and efficient institutions which can put in place policies that deliver stronger economic growth together with better sharing of the benefits of increased prosperity among social groups. The outcome of this conference would provide the change in society towards solidarity which does not happen overnight. It requires good governance as well as efficient institutions to build up new forms of cooperation that better match our current reality, so that “no one should be left behind.”

You are invited to submit your contributions towards identifying practical strategies for improving inclusive governance and improving efficient institutions processes for the forthcoming international conference 2017. The researchers can also submit their research contribution to the following sub-themes:

- Corporate Governance
- Political Governance
- Urban and Rural Governance
- Poverty and Hunger
- Good Health and Welfare
- Gender Equality
- Quality of Institutions and Economic Growth
- Reduced Inequalities
- Peace, Justice and Strong Institutions
- New norms in Governance
- Administrative Governance
- Environment and Energy Governance
- Food security and Nutrition
- Quality of Education
- Clean Water and Sanitation
- Industry, Innovation and Infrastructure
- Sustainable cities and Communities
